Job Overview:

We are seeking dedicated and skilled Speech-Language Pathologists to join our collaborative, fun, and multi-disciplinary team at Integrated Pediatric Therapy Associates (IPTA). IPTA provides Occupational, Speech, Music, and Physical Therapy to our wide-range of pediatric clients at two clinical, and one nature-based location in Northern Colorado. We have two amazing outpatient clinics (one in Windsor and one in West Greeley), and one nature-based setting (Iron Horse Farms in Fort Collins).

We are currently seeking speech-language pathologists to support our growing speech therapy team at all of our service locations. Positions range from PRN, part-time, to full-time. We are generally flexible to work around your schedule and availability, depending on current needs.

The ideal candidate will be responsible for evaluating, planning, and implementing individualized care plans for patients birth through adulthood. This role requires a strong understanding of pediatrics and the ability to work collaboratively with other healthcare professionals (occupational therapists, music therapists, physical therapists, etc.) as well as parents/caregivers to ensure optimal patient outcomes. Safety training will be required/provided before starting treatment at Iron Horse Farms.
